

99. Glass-Technology Conference

2-3 June 2026,
Congress Centrum, Würzburg

SUBMISSION
DEADLINE
19.12.2025

Call for Papers

Join Europe's premier glass conference by Deutsche Glastechnische Gesellschaft (DGG) in Würzburg. Our conferences offer a platform to spotlight advancements and innovations in glass science and technology.

We warmly invite contributions from the global community of researchers, scientists, engineers, industry professionals, and leaders to enrich the content and discussions of this esteemed event.

Session 1: Structure, Properties & Characterisation of Glasses

Session 2: Glass-Ceramics, Crystallisation & Novel Glass Compositions

Session 3: Applications & Application-related Challenges

Session 4: Modelling, Simulation, Data & Artificial Intelligence

Session 5: Industrial Glass Melting & Furnace Technologies

Session 6: Recycling, Raw Materials & Sustainable Glass Production

Session 7: Glass Forming, Processing, Automation & Additive Manufacturing

Co-Programme Chair

Miriam Unterlass

Rick Niebergall

Fraunhofer Institute for
Silicate Research ISC

Conference President

Joachim Deubener

Clausthal University of
Technology
